Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

EPA grants this reregistration under the authority of section 3(c)(5) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA). With this accepted labeling, all requirements set forth in the Reregistration Eligibility Decision for **Paradichlorobenzene** have been satisfied. Therefore, EPA reregisters the product listed above. This action is taken under the authority of section 4(g)(2)(c) of FIFRA, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Confidential Statement of Formula

The acceptable Confidential Statement of Formula (CSF) on record for this product is:

1 Basic CSF - dated 05/31/11

Any previously dated CSFs are superseded.

(next page)

Existing Stocks Provisions

Submit one (1) copy of final printed labeling incorporating the above changes before you release the product for shipment. Amended labeling will supersede all previously accepted labels. A copy of your label stamped "Accepted" is enclosed for your records. Products shipped after 12 months from the date of this Notice or the next printing of your label, whichever occurs first, must bear the new revised label.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. If you have any questions regarding this label, please contact Gene Benbow at (703) 347-0235 or via email at benbow.gene@epa.gov.

[Protect in winter and summer and spring and fall.]

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO KILL CLOTHES MOTHS, EGGS, LARVAE, AND CARPET BEETLES

IMPORTANT: Keep out of reach of children. Do not place in areas accessible to children.

Use Restrictions: To kill clothes moths (eggs, larvae, and adults) and carpet beetles in clean, air-tight containers, garment bags, and storage closets. Do not use in containers, dry cleaning and garbage bags, or closets that allow vapors to escape into occupied rooms. Do not use this product with any other moth control chemical. Do not use in plastic storage containers or in contact with plastic items as paradichlorobenzene damages some plastics. For use only on cloth containing wool or wool blends in fabrics, silks, blended fabric, and furs.

Pre-Application Directions: Before storing, dry clean, wash or brush articles to be protected.

Application Directions: Remove cellophane from the product and hang/apply product in clean, air-tight containers, bags, and closets listed above at the following rates:

- [1 (2 oz.) block for each 6 cubic feet]
- [1 (3 oz.) block for each 9 cubic feet]
- [1 (3.5 oz.) block for each 10.5 cubic feet]
- [1 (4 oz.) block for each 12 cubic feet]
- [1 (4.5 oz.) block for each 13.5 cubic feet]
- [1 (5 oz.) block for each 15 cubic feet]
- [1 (6 oz.) block for each 18 cubic feet]
- [1 (7 oz.) block for each 21 cubic feet]
- [1 (8 oz.) block for each 24 cubic feet]
- [1 (9 oz.) block for each 27 cubic feet]
- [1 (10 oz.) block for each 30 cubic feet]

To determine the ounces of product needed, multiply the height, width, and depth of the treated space (measured in feet) and divide by 3. For example, a closet 8 feet high, 4 feet wide, and 3 feet deep is 96 cubic feet, divided by 3 ft³/oz. of product, equals 32 oz. of product needed to adequately treat the area.

Post-Application Directions: Keep product in air-tight space for a minimum of seven (7) days. Odor dissipates when treated articles are aired.

Retreatment: Since moths are active all year, replenish air-tight containers, bags, and closets two (2) times a year.

To Freshen Closets: Just hang in closet after removing all of the cellophane. Pleasant odor quickly vanishes when articles are aired.

Do not use in plastic storage box or place in contact with plastic items as paradichlorobenzene damages some plastics. Paradichlorobenzene must not be mixed or placed in contact with other moth preventive chemicals.

Left Panel:

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store only in original container in a cool, dry place inaccessible to children and pets. Keep container closed and away from other chemicals.

Pesticide Disposal and Container Handling: Non-refillable container. Do not refill or reuse empty box or cellophane. Offer for recycling, if available, or place in trash.

If Empty: Place in trash or offer for recycling, if available.

If Partly Filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
